

Calendar of trips and trips of the Union to June 2018.

ATTENTION!

1. One-day non-category weekend trips, calculated on ordinary healthy people, and do not require special training and equipment. They are produced for safe areas and have been tested by repeated repetitions for many years. To ensure safe participation in the common enough security measures and the usual conscious cautious everyday behavior. Tourists participating in such travel should be careful, cautious, reasonable, expect their strength and ability to participate in the journey. Tourists themselves ensure their safety, they themselves determine the possibility of their participation in the harm to health, and with a deterioration of well-being can at any time interrupt the passage of the route and stop at rest or even get back on the bus.
2. In the warm season, you need to beware of tick bites. Tourists should have vaccinations against encephalitis and to be dressed in overalls. Not vaccinated and without overalls tourists travel at their own peril and risk. Important measures to prevent bite of ticks are frequent close inspection of parts. The body, touching the grass and tree branches and removing the detected ticks.
3. Outfit - good mountain boots and leggings for protecting feet from moisture and snow, jacket, cap, backpack 25-30 liters. It is desirable (but not necessary) to have track sticks, sunglasses, a hooded jacket, scarf, gloves.
4. The trip will take place in any weather, but the route can be changed by the decision of the group. On the departure day telephone negotiations with a guide are possible from 07:00 am. morning.
5. Public Association "TUK" is not responsible for the things left in beads and also in the office.
