

## **Union campaign calendar for October 2020.**

### **ATTENTION!**

- 1. one-Day non-categorical weekend trips**, designed for ordinary healthy people, and do not require special training and equipment. They are produced in safe areas and have been tested many times over the years. Generally, accepted security measures and normal conscious and prudent daily behavior are sufficient to ensure safe participation. Tourists participating in such trips should be attentive, careful, prudent, calculate their strength and capabilities to participate in the trip. **Tourists themselves ensure their safety, determine the possibility of their participation in the journey without harm to health, and if they feel ill**, they can at any time interrupt the route and stop for a rest or even return to the bus.
- 2. In warm time of the year should be wary of tick bites.** Tourists must be vaccinated against encephalitis and be dressed in protective clothing. **Unvaccinated and without overalls, tourists travel at their own risk. Important measures to prevent tick bites are frequent close examinations of body parts related to grass and tree branches and removal of detected ticks.**
